

Tooth Numbering System Name Key

M3	=	3rd Molar - Wisdom Tooth
M2	=	2nd Molar
M1	=	1st Molar
P2	=	2nd Pre Molar
P1	=	1st Pre Molar
C	=	Canine
LI	=	Later Incisor
CI	=	Central Incisor

Note: These names repeat in each quadrant and they are further specified by their location. For example, you can have a left, lower central incisor, and upper right canine, etc. Or you can name the tooth by it's number (for the US System you use numbers 1 through 32)
